Subject: RE: DigitalCare Android Point release version 4.1.1 for uGrow FAQ Fix

Hi Sameer/Krishna,

I have done the sanity testing with the below mentioned details.

Build version : 4.1.1

Device used : Samsung S6, Samsung Tab, HTC

OS version : 5.1.1, 5.0.2, 4.4.2

Sanity done for the below mentioned regions :

CTN Used : SCD888/26

- Germany
- United Kingdom

I have tested with few other locales, please find them below

- France
- Spain
- India

Please find my observations for CTN: SCD888/26(uGrow issue) below.

1. Image is not displayed for the selected product in the product information page.
2. Videos are displayed in the product information page.
3. Screen heading is overlapping with the back button in Find Philips near you and FAQ screens for Germany locale.

Other Issues:

1. No preview message is displayed when tapped on Download product manual button.

Note : Build was completely verified with respect to sanity testing and No crashes were observed during testing.

Regards,
Rakesh Dontha

Hi Testing Team,

We made the hotfix for the same scenario as version 4.1.1. Sanity testing is expected.

Thanks.....

Subject: RE: DigitalCare iOS Point release version 4.1.1 for uGrow FAQ Fix

Thanks a lot Sameer for the quick fix.

@Ambika/Rakesh: Please test all the features considering uGrow specific CTN as priority for two countries UK and Germany (DE).

Also request you to test 2 other CTNS for few locales FAQs especially along with sanity testing.

Regards,
Deepthi
